

NOTES

1. There is hereby reserved along all lot frontages adjacent to streets, a 5' wide easement for public utilities.
2. No permanent structures are to be erected within the designated drain fields.
3. The property line along the Snake River is the mean high water line. Mean high water line is the line found at the margin of the area occupied by the water for the greater portion of each average year.
4. Lot dimensions shown are from pin to pin, plus or minus dimensions are to mean high water. Witness corners are set above mean high water.
5. Access rights along U.S. Hwy. 30 have been dedicated to the State of Idaho and are limited to the road connections as shown upon this plat.
6. Lot 4, Blk. I is hereby reserved a use easement over the northerly 210' of Lot 6, Blk. I and Lot 5, Blk. I is also hereby reserved a use easement over the southerly 230' of Lot 6. Said easements are subject to restrictions set forth in the Home Owners Corp. by-laws.
7. There is hereby reserved a right of use easement that allows use of the total lake for only the lots that border that lake. This easement shall be applied to each lake individually.
